This 2004 book was the first intellectual biography of one of the very first English women philosophers. At a time when very few women received more than basic education, Lady Anne Conway wrote an original treatise of philosophy, her *Principles of the Most Ancient and Modern Philosophy*, which challenged the major philosophers of her day - Descartes, Hobbes and Spinoza. Sarah Hutton's study places Anne Conway in her historical and philosophical context, by reconstructing her social and intellectual milieu. She traces her intellectual development in relation to friends and associates such as Henry More, Sir John Finch, F. M. van Helmont, Robert Boyle and George Keith. And she documents Conway's debt to Cambridge Platonism and her interest in religion - an interest which extended beyond Christian orthodoxy to Quakerism, Judaism and Islam. Her book offers an insight into both the personal life of a very private woman, and the richness of seventeenth-century intellectual culture.

A place of spectacle and ruin, Mumbai exemplifies the cosmopolitan metropolis. It is not just a big city but also a soaring vision of modern urban life. Millions from India and beyond, of different ethnicities, languages, and religions, have washed up on its shores, bringing with them their desires and ambitions. *Mumbai Fables* explores the mythic inner life of this legendary city as seen by its inhabitants, journalists, planners, writers, artists, filmmakers, and political activists. In this remarkable cultural history of one of the world's most important urban centers, Gyan Prakash unearths the stories behind its fabulous history, viewing Mumbai through its turning points and kaleidoscopic ideas, comic book

heroes, and famous scandals--the history behind Mumbai's stories of opportunity and oppression, of fabulous wealth and grinding poverty, of cosmopolitan desires and nativist energies. Starting from the catastrophic floods and terrorist attacks of recent years, Prakash reaches back to the sixteenth-century Portuguese conquest to reveal the stories behind Mumbai's historic journey. Examining Mumbai's role as a symbol of opportunity and reinvention, he looks at its nineteenth-century development under British rule and its twentieth-century emergence as a fabled city on the sea. Different layers of urban experience come to light as he recounts the narratives of the Nanavati murder trial and the rise and fall of the tabloid Blitz, and Mumbai's transformation from the red city of trade unions and communists into the saffron city of Hindu nationalist Shiv Sena. Starry-eyed planners and elite visionaries, cynical leaders and violent politicians of the street, land sharks and underworld dons jostle with ordinary citizens and poor immigrants as the city copes with the dashed dreams of postcolonial urban life and lurches into the seductions of globalization. Shedding light on the city's past and present, Mumbai Fables offers an unparalleled look at this extraordinary metropolis.

As a film-maker and film historian, B.D. Garga has closely witnessed and participated in the growth of Indian cinema from the early 1940s. With more than fifty years' experience as a film journalist, and having served on various national and international film festival juries, he is probably India's foremost authority on the subject of cinema. In this extraordinary collection of essays, Garga delves into the vast repertoire of his scholarship and experience to provide an insider's view of Indian and international cinema over the years. Even as he discusses the contribution of men behind the screen—the director, editor, cinematographer—he profiles some of the greatest masters of Indian cinema, like Himansu Rai and P.C. Barua, Bimal Roy and Raj Kapoor, while critically analysing some classic films from the golden era of cinema in India—Devdas (1935) and Sant Tukaram (1936) to Mother India (1957) and Mughal-e-Azam (1960). Embellished with over forty exquisite and vintage photographs from the author's private collection, *The Making of Great Cinema* also contains fascinating essays that highlight the contribution of the Soviet masters to international cinema; address important issues like film censorship, sex in Indian films and the relationship between film and politics; and provide a memorable account of the origins of cinema in India and the country's many cinematic milestones.
