For more than fifteen years, the manuscript editing department of the Press has overseen online publication of the monthly "Chicago Manual of Style" Q&A, choosing interesting questions from a steady stream of publishing-related queries from "Manual" users and providing thoughtful and/or humorous answers in a smart, direct, and occasionally cheeky voice. More than 28,000 followers have signed up to receive e-mail notification when new Q&A content is posted monthly, and the site receives well over half a million visitors annually. "But Can I Start a Sentence with But?" culls from the extensive Q&A archive a small collection of the most helpful and humorous of the postings and provides a brief foreword and chapter introductions. The material is organized into seven chapters that cover matters of editorial style, capitalization, punctuation, grammar and usage, citation and quotation, formatting and other non-language issues, and a final chapter of miscellaneous items. Together they offer an informative and amusing read for editors, other publishing professionals, and language lovers of all stripes.

Yancey explores reflection as a promising body of practice and inquiry in the writing classroom. Yancey develops a line of research based on concepts of philosopher Donald Schon and others involving the role of deliberative reflection in classroom contexts. Developing the concepts of reflection-in-action, constructive reflection, and reflection-in-presentation, she offers a structure for discussing how reflection operates as students compose individual pieces of writing, as they progress through successive writings, and as they deliberately review a compiled body of their work-a portfolio, for example. Throughout the book, she explores how reflection can enhance student learning along with teacher response to and evaluation of student writing. Reflection in the Writing Classroom will be a valuable addition to the personal library of faculty currently teaching in or administering a writing program; it is also a natural for graduate students who teach writing courses, for the TA training program, or for the English Education program.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Philosophers have warned of the perils of a life spent without reflection, but what constitutes reflective inquiry - and why it's necessary in our lives - can be an elusive concept. Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire, theHandbook of Reflection and Reflective Inquiry presents reflective thought in its most vital aspects, not as a fanciful or nostalgic exercise, but as a powerful means of seeing familiar events anew, encouraging critical thinking and crucial insight, teaching and learning. In its opening pages, two seasoned educators, Maxine Greene and Lee Shulman, discuss reflective inquiry as a form of active attention (Thoreau's "wide-awakeness"), an act of consciousness, and a process by which people can understand themselves, their work (particularly in the form of life projects), and others. Building on this foundation, the Handbook analyzes through the work of 40 internationally oriented authors: - Definitional issues concerning reflection, what it is and is not; - Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education; - Reflection as promoted across professional educational domains, including K-12 education, teacher education, occupational therapy, and the law; - Methods of facilitating and scaffolding reflective engagement; - Current pedagogical and research practices in reflection; - Approaches to assessing reflective inquiry. Educators across the professions as well as adult educators, counselors and psychologists, and curriculum developers concerned with adult learning will find the Handbook of Reflection and Reflective Inquiry an invaluable teaching tool for challenging times.

The Reflective Practice Guide supports all students for whom the process of reflecting on developing knowledge and skills is crucial to successful professional practice. It offers an accessible introduction to a wide range of theories and models that can help you engage more effectively in critical reflection. Illustrated throughout with examples and case studies drawn from a range of interdisciplinary professional contexts, The Reflective Practice Guide offers models of practice that can be applied in a variety of settings. Reflective questions in each chapter help you apply ideas to your own professional context. Drawing on literature from a range of disciplines, key aspects of reflection explored include: Becoming more self-aware The role of writing in reflection Learning from experience Learning from positives and negatives Emotions and processing feelings Bringing assumptions to the surface Learning from feedback Reflecting in groups Managing change. The Reflective Practice Guide is an essential source of support, guidance and inspiration for all students on education, nursing, social work and counselling courses, who want to think about practice at a deeper level, question approaches, challenge assumptions and gain greater self-awareness.

Reflection is a technique for aiding and reinforcing learning, used in education and professional development. This volume offers practitioners and students guidance that cuts across theoretical approaches, enabling them to understand and use reflection to enhance learning in practice.

A working guide for students conducting theological writing and research on theology and biblical studies courses, this book integrates the disciplines of writing, rhetoric, and theology, to provide a standard text for the teaching and mentoring of writing across the theological curriculum.As a theological rhetoric, it also encourages excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers, preachers, and communicators in a variety of ministerial and professional contexts. This 2nd Edition includes new chapters on "Writing Theology in a New Language", which explores the linguistic and cultural challenges of writing theology well in a non-native language, and "Writing and Learning Theology in an Electronic Age", addressed to distance learning students learning to write theology well from online courses, and dealing with the technologies necessary to do so.

#1 NEW YORK TIMES BESTSELLER [] PULITZER PRIZE FINALIST [] This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE [] NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review [] People [] NPR [] The Washington Post [] Slate [] Harper's Bazaar [] Time Out New York [] Publishers Weekly [] BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When Breath Becomes Air chronicles Kalanithi's transformation from a naive medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.
